International Surgery

Official Journal of the International College of Surgeons

QUARTERLY REVIEW

INDEX - Volume 73, 1988

SUBJECTS

Abdominal ultrasonography
CT score and the severity of acute pancreatitis 94

Achalasia
Results of surgical treatment of esophageal achalasia. Multicenter retrospective study of 1,856 cases 69

Acrylic resin plate
Reconstruction of the chest wall after full thickness resection: a comparison between myocutaneous flap and acrylic resin plate as reconstructive technique .. 102

ACTH producing carcinoid
Ectopic ACTH syndrome 44

ACTH secretion by extra-pituitary tumors
Ectopic ACTH syndrome 44

Acute breast cancer
Role of chemotherapy in acute breast cancer. Analysis of 41 cases 112

Acute necrotising pancreatitis
Pancreatic remnant abscess after resection for acute necrotising pancreatitis 137

Acute pancreatitis
CT score and the severity of acute pancreatitis 94

Adenocarcinoma
Acute intestinal obstruction as an initial presentation in Crohn's carcinoma ... 167

African population
Free small bowel perforation in an indigenous African population 50

Aggressive idiopathic colitis
Surgery of aggressive idiopathic proctocolitis and principles of rectal preservation .. 163

Angiosarcoma of the breast
Angiosarcoma of the breast: report of two long-term survivals 193

Anterior duodenal transposition
Anterior transposition of the third part of the duodenum in the management of chronic duodenal compression by the superior mesenteric artery 140

Aortic aneurysm
Aorto-Y-bifurcation graft: dacron versus PTFE. Preliminary results of a randomized prospective study 218

Aortocoronary by-pass
The influence of quality on the long-term patency of arterial grafts: the surgeon's key role in improving results in medium and small caliber vessels 232

Aorto-iliac surgery
Direct surgery of the aorto-iliac area. Prostheses - Endarterectomy? 213

Arterial by-pass
Costs and benefits of prosthetic vascular surgery 237

Arterial prostheses
Long-term results and current indications in femoropopliteal vascular reconstructions 221
New frontiers of vascular grafting 241

Arterial substitutes
Long-term results and current indication in femoropopliteal vascular reconstructions 221

Ascites
CT score and the severity of acute pancreatitis 94

Autologous saphenous vein
New frontiers of vascular grafting 241

Axillo-femoral by-pass
Axillo-femoral by-pass: technique and long-term results 227

Benign bowel disease
Ileorectal anastomosis after colectomy for benign colon disease 6

Benign esophageal diseases
Results of surgical treatment of esophageal achalasia. Multicenter retrospective study of 1,856 cases 69

Bifemoral by-pass graft
Descending thoracic aorta to bifemoral by-pass graft without laparotomy 260

Bile duct carcinoma
The infiltration of bile duct carcinoma along the bile duct wall 87

Biliary drainage
Experience with intrahepatic cholangiojejunostomy for unresectable carcinoma of the hepatic hilus 1

Biliary obstruction
Cholangiographically-enhanced CT of the pancreas and biliary tree 38

Blood conduits
New frontiers of vascular grafting 241

Bowel perforation
Free small bowel perforation in an indigenous African population 50

Breast cancer
An experimental and clinical study of immunocompetence and immunostimulation in breast cancer 10
Angiosarcoma of the breast: report of two long-term survivals 193
Reconstruction of the chest wall after full thickness resection: a comparison between myocutaneous flap and acrylic resin plate as reconstructive technique .. 102

Burns
A new approach to the management of burn injuries using PVP + Neosporin 126

Cancer of the breast
Subcutaneous mastectomy. A review of 130 cases 107

Carbon dioxide laser
The use of the carbon dioxide laser beam in the surgery of pressure sores 54

Carcinoma of the hepatic hilus
Experience with intrahepatic cholangiojejunostomy for unresectable carcinoma of the hepatic hilus 1

Carcinoma of the pancreas
Combined treatment using radiotherapy for carcinoma of the pancreas involving the adjacent vessels 153

Cardiac surgery
The use of absorbable microfibrillation collagen to control sternal bone marrow bleeding 42

Carotid artery
Current status of vascular grafting in supraortic trunks. Personal experience 210

Catheter-related sepsis
Safety of central venous catheter change over guidewire for suspected catheter-related sepsis. A prospective randimized trial . 180

Causes of death
Polytrauma in patients of 65 and over. Injury patterns and outcome 119

Caverno-spongiosum shunt
A new caverno-spongiosum shunt with saphenous vein patch graft for established priapism 130

CEA
The infiltration of bile duct carcinoma along the bile duct wall 87

Chemotherapy
Role of chemotherapy in acute breast cancer. Analysis of 41 cases 112

Chest wall reconstruction
Reconstruction of the chest wall after full thickness resection: a comparison between myocutaneous flap and acrylic resin plate as reconstructive technique .. 102

Children
Orthopaedic treatment of paediatric multiple trauma patients. A new technique 177

Cholangiography
Cholangiographically-enhanced CT of the pancreas and biliary tree 38

Cholangiojejunostomy
Experience with intrahepatic cholangiojejunostomy for unresectable carcinoma of the hepatic hilus 1

Cholangitis
Experience with intrahepatic cholangiojejunostomy for unresectable carcinoma of the hepatic hilus 1

Cholecystitis
The role of ultrasound-guided percutaneous transhepatic aspiration of the gallbladder content in the management of hydrops/empyema caused by acute cholecystitis 35

Chronic occlusive disease
Aorto-Y-bifurcation graft: dacron versus PTFE. Preliminary results of a randomized prospective study 218

Cirrhosis of the liver
Hepatic resection with the Lin Liver Clamp 29

Cleft palate - Cleft lip
The psychological and emotional trauma in cleft palate-cleft lip 264

Cold thyroid nodule
Management of the solitary cold thyroid nodule. A prospective study..... 99

Colon
Stapled sutures in digestive tract surgery .. 23

Colon interposition
Decreased galactose absorption in dumping after colon interposition..... 78

Colonic diseases
Hiatal herniation of the colon in an infant 196

Colonic metaplasia
Pouch ileitis in excluded reservoir: an unusual complication of restorative proctocolectomy for ulcerative colitis 187

Colonoscopy
Surgical treatment of metachronous colorectal cancers 16

Colorectal resection
Double stapling technique for low colorectal anastomoses after anterior resection for rectal cancer 19

Contact hysteroscope
The use of the contact hysteroscope in the diagnosis of cord prolapse 57

Cord prolapse
The use of the contact hysteroscope in the diagnosis of cord prolapse 57

Crohn's carcinoma
Acute intestinal obstruction as an initial presentation in Crohn's carcinoma ... 167

Crohn's disease
Acute intestinal obstruction as an initial presentation in Crohn's carcinoma ... 167
Surgery of aggressive idiopathic proctocolitis and principles of rectal preservation .. 163

CT
Cholangiographically-enhanced CT of the pancreas and biliary tree 38

CT score
CT score and the severity of acute pancreatitis 94

Curability rate
Surgical treatment of metachronous colorectal cancers 16

Cushing's syndrome
Ectopic ACTH syndrome 44

Dacron
New frontiers of vascular grafting 241

Dacron vascular grafts
The influence of quality on the long-term patency of arterial grafts: the Surgeon's key role in improving results in medium and small caliber vessels..... 232

Dacron-Y-graft
Aorto-Y-bifurcation graft: dacron versus PTFE. Preliminary results of a randomized prospective study 218

Descending thoracic aorta
Descending thoracic aorta to bifemoral bypass graft without laparotomy 260

Diagnostic imaging
CT score and the severity of acute pancreatitis 94

Diaphragmatic hernia
Morgagni Hernias during infancy..... 257

Dumping
Decreased galactose absorption in dumping after colon interposition..... 78

Dysphagia
Results of surgical treatment of esophageal achalasia. Multicenter retrospective study of 1,856 cases..... 69

Ectopic hormone syndromes
Ectopic ACTH syndrome 44

Elderly patients
Quality of postoperative life in gastric cancer patients seventy years of age and over 82

Employment rate
Quality of postoperative life in gastric cancer patients seventy years of age and over 82

Endarterectomy
Direct surgery of the aorto-iliac area. Prostheses - Endarterectomy? 213

Esophageal varices
Side-to-side mesocaval shunt in portal hypertension 33

Esophagus
Stapled sutures in digestive tract surgery .. 23

External fixation system
«Ring fixator» for treatment of lower leg fractures. A review of 30 cases treated by a new external fixation system 170

External radiotherapy
Combined treatment using radiotherapy for carcinoma of the pancreas involving the adjacent vessels 153

Fast absorption material
Use of fast absorption material for skin closure in young children..... 151

Femoropopliteal by-pass
Long-term results and current indications in femoropopliteal vascular reconstructions 221

Fine needle aspiration biopsy
Management of the solitary cold thyroid nodule. A prospective study..... 99

Fractures in children
Orthopaedic treatment of paediatric multiple trauma patients. A new technique 177

Fracture of the penis
Fracture of the penis: surgical management 63

Galactose test
Decreased galactose absorption in dumping after colon interposition..... 78

Gallbladder
The role of ultrasound-guided percutaneous transhepatic aspiration of the gallbladder content in the management of hydrops/empyema caused by acute cholecystitis 35

Gastrectomy
Quality of postoperative life in gastric cancer patients seventy years of age and over 82

Gastric cancer
Quality of postoperative life in gastric cancer patients seventy years of age and over 82

Gastroplasty
Experimental study of morphological changes after gastroplasty 250

Glucose test
Decreased galactose absorption in dumping after colon interposition..... 78

Guidewire exchange technique
Safety of central venous catheter change over guidewire for suspected catheter-related sepsis. A prospective randomized trial. 180

Heparin
Effect of heparin on unidentified fever after hepatectomy 161

Hepatectomy
Effect of heparin on unidentified fever after hepatectomy 161
Healing of the resected liver stump: its process and the significance of portal blood flow 157
The infiltration of bile duct carcinoma along the bile duct wall 87

Hepatic hilar carcinoma
Experience with intrahepatic cholangiojejunostomy for unresectable carcinoma of the hepatic hilus 1

Hepatic resection
Hepatic resection with the Lin Liver Camp 29

Hiatal hernia
Hiatal herniation of the colon in an infant 196

Hip fractures in elderly patients
Home-going: prognostic factors concerning the major goal in treatment of elderly hip fracture-patients 148

Hydrops/empyema
The role of ultrasound-guided percutaneous transhepatic aspiration of the gallbladder content in the management of hydrops/empyema caused by acute cholecystitis 35

Ileitis
Pouch ileitis in excluded reservoir: an unusual complication of restorative proctocolectomy for ulcerative colitis 187

Ileorectal anastomosis
Ileorectal anastomosis after colectomy for benign colon disease 6
Surgery of aggressive idiopathic proctocolitis and principles of rectal preservation .. 163

Immunocompetence
An experimental and clinical study of immunocompetence and immunostimulation in breast cancer..... 10

Immunostimulation
An experimental and clinical study of immunocompetence and immunostimulation in breast cancer..... 10

Infancy
Morgagni. Hernias during infancy 257

Infiltration of bile duct carcinoma
The infiltration of bile duct carcinoma along the bile duct wall 87

Injury pattern
Polytrauma in patients of 65 and over. Injury patterns and outcome 119

Injury scoring systems
Polytrauma in patients of 65 and over. Injury patterns and outcome 119

Innominate artery
Current status of vascular grafting in supraortic trunks. Personal experience 210

Internal mammary artery
The influence of quality on the long-term patency of arterial grafts: the surgeon's key role in improving results in medium and small caliber vessels..... 232

Intestinal absorption
Decreased galactose absorption in dumping after colon interposition..... 78

Intestinal ischemia
Effect of intestinal ischemia on pulmonary surfactant. An experimental study 91

Intestinal obstruction in childhood
The pattern of intussusception in Kuwait. A review of 244 cases 198

Intraoperative radiotherapy
Combined treatment using radiotherapy for carcinoma of the pancreas involving the adjacent vessels 153

Intussusception
The pattern of intussusception in Kuwait. A review of 244 cases 198

Invasion of lymphatic vessels
The infiltration of bile duct carcinoma along the bile duct wall 87

Jejunum
Stapled sutures in digestive tract surgery .. 23

Limb lymphedema
Surgical treatment of limb lymphedema... 116

Liver clamp
Hepatic resection with the Lin Liver Clamp 29

Lower leg fractures
«Ring fixatica» for treatment of lower leg fractures. A review of 30 cases treated by a new external fixation system 170

Lumbar disk
Magnetic imaging in the assessment of the lumbar disk 173

Lympha-press
Surgical treatment of limb lymphedema... 116

Lymphatic venous shunt
Surgical treatment of limb lymphedema... 116

Magnetic resonance imaging
Magnetic imaging in the assessment of the lumbar disk 173

Management of chronic SMAS
Anterior transposition of the third part of the duodenum in the management of chronic duodenal compression by the superior mesenteric artery 140

Mastectomy
Subcutaneous mastectomy. A review of 130 cases 107

Mechanical sutures
Stapled sutures in digestive tract surgery .. 23

Median sternotomy
The use of absorbable microfibrillation collagen to control sternal bone marrow bleeding 42

Mesocaval shunt
Side-to-side mesocaval shunt in portal hypertension 33

Metachronous colorectal cancer
Surgical treatment of metachronous colorectal cancers 16

Morgagni hernia
Morgagni, hernia during infancy 257

Morphology
Experimental study of morphological changes after gastroplasty 250

Mortality rate
Polytrauma in patients of 65 and over. Injury patterns and outcome 119

Motor disturbances
Results of surgical treatment of esophageal achalasia. Multicenter retrospective study of 1,856 cases 69

Myocutaneous flap
Reconstruction of the chest wall after full thickness resection: a comparison between myocutaneous flap and acrylic resin plate as reconstructive technique .. 102

Nosocomial infections
Safety of central venous catheter change over guidewire for suspected catheter-related sepsis. A prospective randomized trial. 180

Old age
Polytrauma in patients of 65 and over. Injury patterns and outcome 119

Operative treatment of fractures
Polytrauma in patients of 65 and over. Injury patterns and outcome 119

Orchiectomy
Primary testicular tumors in children 190

Pancreas
Cholangiographically-enhanced CT of the pancreas and biliary tree 38

Pancreatic abscess
Pancreatic remnant abscess after resection for acute necrotising pancreatitis 137

Pancreatic resection
Pancreatic remnant abscess after resection for acute necrotising pancreatitis 137

Patch graft
A new caverno-spongiosum shunt with saphenous vein patch graft for established priapism 130

Pediatric outpatient
Use of fast absorption material for skin closure in young children 151

Pelvic fracture
Result of suprapubic cystostomy only as primary management of posterior urethral rupture following pelvic fracture. 59

Penis
Fracture of the penis: surgical management 63

Percutaneous transhepatic aspiration of the gallbladder content
The role of ultrashound-guided percutaneous transhepatic aspiration of the gallbladder content in the management of hydrops/empyema caused by acute cholecystitis 35

Performance status
Quality of postoperative life in gastric cancer patients seventy years of age and over 82

Polytrauma
Polytrauma in patients of 65 and over. Injury patterns and outcome 119

Portal flow
Healing of the resected liver stump: its process and the significance of portal blood flow 157

Portal hypertension
Side-to-side mesocaval shunt in portal hypertension 33

Posterior urethral rupture
Results of suprapubic cystostomy only as primary management of posterior urethral rupture following pelvic fracture. 59

Postoperative home-going in elderly patients
Home-going: prognostic factors concerning the major goal in treatment of elderly hip fracture-patients 148

Povidone iodine loction + neosporin powder crust
A new approach to the management of burn injuries using PVP + Neosporin 126

Precancerous rectal dysplasia
Surgery of aggressive idiopathic proctocolitis and principles of rectal preservation .. 163

Pressure sores
The use of the carbon dioxide laser beam in the surgery of pressure sores 54

Priapism
A new caverno-spongiosum shunt with saphenous vein patch graft for established priapism 130

Primary amputation
Cost and benefits of prosthetic vascular surgery 237

Prospective payment system (DRG)
Costs and benefits of prosthetic vascular surgery 237

Prostheses
Direct surgery of the aorto-iliac area. Prostheses-Endarterectomy? 213

PTFE-Y-graft
Aorto-Y-bifurcation graft: dacron versus PTFE. Preliminary results of a randomized prospective study 218

Pyrexia
Effect of heparin on unidentified fever after hepatectomy 161

Quality of life
Quality of postoperative life in gastric cancer patients seventy years of age and over 82

Reconstructive arterial surgery
Long-term results and current indication in femoropopliteal vascular reconstructions 221

Rectal cancer
Double stapling technique for low colorectal anastomoses after anterior resection for rectal cancer 19

Rectal medication by topical steroids
Surgery of aggressive idiopathic proctocolitis and principles of rectal preservation .. 163

Restorative proctocolectomy
Pouch ileitis in excluded reservoir: an unusual complication of restorative proctocolectomy for ulcerative colitis 187

Ring fixator
"Ring fixator" for treatment of lower leg fractures. A review of 30 cases treated by a new external fixation system 170

Saphenous vein patch graft
A new caverno-spongiosum shunt with saphenous vein patch graft for established priapism 130

Sarcoma of the breast
Angiosarcoma of the breast: report of two long-term survivals 193

Semiquantitative culture
Safety of central venous catheter change over guidewire for suspected catheter-related sepsis. A prospective randomized trial. 180

Skin closure
Use of fast absorption material for skin closure in young children 151

Small bowel
Acute intestinal obstruction as an initial presentation in Crohn's carcinoma ... 167
Free small bowel perforation in an indigenous African population 50

Spasm
Results of surgical treatment of esophageal achalasia. Multicenter retrospective study of 1,856 cases 69

Stapled anastomosis
Double stapling technique for low colorectal anastomoses after anterior resection for rectal cancer 19

Sternal bone marrow bleeding
The use of absorbable microfibrillation collagen to control sternal bone marrow bleeding 42

Sternotomy
Current status of vascular grafting in supraortic trunks. Personal experience 210

Sternum
The use of absorbable microfibrillation collagen to control sternal bone marrow bleeding 42

Stomach
Stapled sutures in digestive tract surgery .. 23

Subclavian artery
Current status of vascular grafting in supraortic trunks. Personal experience 210

Subcutaneous mastectomy
Subcutaneous mastectomy. A review of 130 cases 107

Subescharal injection of povidone iodine
A new approach to the management of burn injuries using PVP + Neosporin 126
Supraortic trunk disease
Current status of vascular grafting in supraortic trunks. Personal experience 210
Suprapubic cystostomy alone
Result of suprapubic cystotomy only as primary management of posterior urethral rupture following pelvic fracture 59
Surfactant
Effect of intestinal ischemia on pulmonary surfactant. An experimental study 91
Surgical bypass
Experience with intrahepatic cholangiojejunostomy for unresectable carcinoma of the hepatic hilus 1
Synthetic prostheses
The influence of quality on the long-term patency of arterial grafts: the Surgeon's key role in improving results in medium and small caliber vessels..... 232
Teflon
New frontieres of vascular grafting 241
Teratoma
Primary testicular tumors in children..... 190
Testicular tumors
Primary testicular tumors in children..... 190
Trauma in children
Orthopaedic treatment of pediatric multiple trauma patients. A new technique 177
Trauma of the penis
Fracture of the penis: surgical management 63
Ulcerative colitis
Pouch ileitis in excluded reservoir: an unusual complication of restorative proctocolectomy for ulcerative colitis 187
Surgery of aggressive idiopathic proctocolitis and principles of rectal preservation .. 163
Vascular graft
New frontiers of vascular grafting 241
The influence of quality on the long-term patency of arterial grafts: the Surgeon's key role in improving results in medium and small caliber vessels..... 232
Vascular prosthesis
Axillo-femoral by-pass: technique and long-term results..... 227
Vascular surgery
Current status of vascular grafting in supraortic trunks. Personal experience 210
Vessel involvement
Combined treatment using radiotherapy for carcinoma of the pancreas involving the adjacent vessels 153
Wound healing
Healing of the resected liver stump: its process and the significance of portal blood flow 157
Yolk sac tumor
Primary testicular tumors in children..... 190
